

PAINT PROTECTION FILM PROGRAM

IN-HOUSE PROGRAMS FOR NEW CAR DEALERSHIPS

SCROLL TO LEARN MORE

WHAT IT'S ALL ABOUT

CLEAR PROTECTION • STAIN & DISCOLORATION RESISTANT • SELF-HEALING • PROTECTION AGAINST ROCK CHIPS & SAND PITTING

VPS Canada is excited to present an overview of its Dealer PPF Program.

We are based in Canada with locations in Calgary, Edmonton, Kelowna, Moncton, Regina, Saskatoon, Toronto and with our corporate head office and founding location in Winnipeg, Manitoba.

Our Dealer Program is the most comprehensive in the industry. Our success is directly related to the effort we put forth as well as holding ourselves accountable to your business, needs and profitability. The training, support, program development, along with software and ongoing training are essential components to a successful and sustainable in-house program.

SEVEN KEY PARTS TO OUR PROGRAM

1 EQUIPMENT

Plotters with 4 size options and laptops are placed on loan while purchasing product from us.

2 FILM LINES

- 8mil Self-Healing
- 8mil Self-Healing & Hydrophobic
- 8mil Self-Healing Matte
- 8mil Black Self-Healing
- 8mil Self-Healing & Ceramic Coated

All above films are available in 12, 18, 24, 30, 36, 48, 60 & 72" widths.

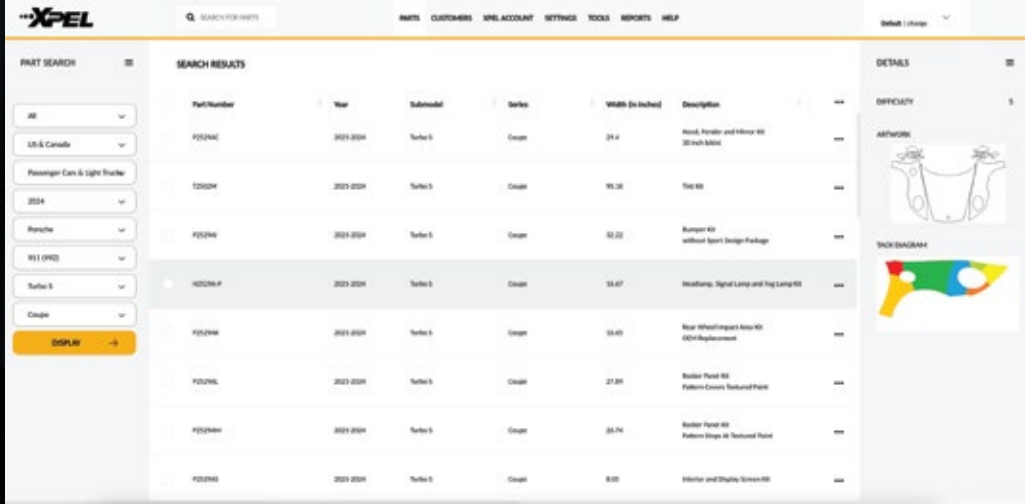

3 TRAINING

NEW INSTALLER – This is a full 5-day on-site session. We also offer the 5-day training session in our Kelowna, Edmonton, Calgary, Saskatoon, Regina, Winnipeg and Moncton stores, but strongly suggest completing on-site.

4 SOFTWARE / FILM LIBRARY

Software and film library for all years, makes, and models is provided at **NO COST** while using our Dealer Program.

5 MARKETING MATERIALS

POS materials provided at NO cost. Our design team will help create powerful and simple sell sheets custom-designed for each brand, make and model.

6 VINYL LETTERING

Use your plotter for vinyl lettering at **NO ADDITIONAL COST!** Perfect for your next big sale.

7 SHIPPING & WARRANTY

Pre-paid shipping on all orders over \$1,000.00. In many cities, local pick-up is available via your parts drivers from any VPS Canada location. 10-year + on **ALL** film lines. Lastly, our past supplier coverage is offered to eliminate any questions of who/what is covered.

THERE'S MORE

Many others do not speak of or offer the same value as VPS Dealer Programs. Once enrolled you additionally have access to:

- POST TRAINING / INSTALLER FOLLOW-UPS / SUPPORT
- HOLIDAY RELIEF / INSTALLER COVERAGE
- DEALERSHIP SALES TRAINING & CONSULTATION

WINDOW TINT PROGRAM

IN-HOUSE PROGRAMS FOR
NEW CAR DEALERSHIPS

SCROLL TO LEARN MORE

WHAT IT'S ALL ABOUT

VPS Canada is excited to present an overview of its Dealer Window Tint Program.

We are based in Canada with locations in Calgary, Edmonton, Kelowna, Moncton, Regina, Saskatoon, Toronto and with our corporate head office and founding location in Winnipeg, Manitoba.

Our Dealer Program is the most comprehensive in the industry. Our success is directly related to the effort we put forth as well as holding ourselves accountable to your business, needs and profitability. The training, support, program development, along with software and ongoing training are essential components to a successful and sustainable in-house program.

Our Curriculum is a 32 - Hour course, delivered On-Site and runs from Monday to Friday. We've developed a diverse Beginner, Intermediate, and Advanced Course offering that can be suited to almost any need or skill set.

SEVEN KEY PARTS TO OUR PROGRAM

2 TOOLS & EQUIPMENT

Installation tools are provided prior to commencing the training program. 40" Plotter and laptop are placed on loan while purchasing product from us.

1 TRAINING

Students will learn about the latest installation tools, the ideal bay set-up, hand cutting and heat-forming methodology. This class is ideal for new installers wanting to learn the 2 Pattern Techniques for success; Hand Cutting and Plotted Pattern install.

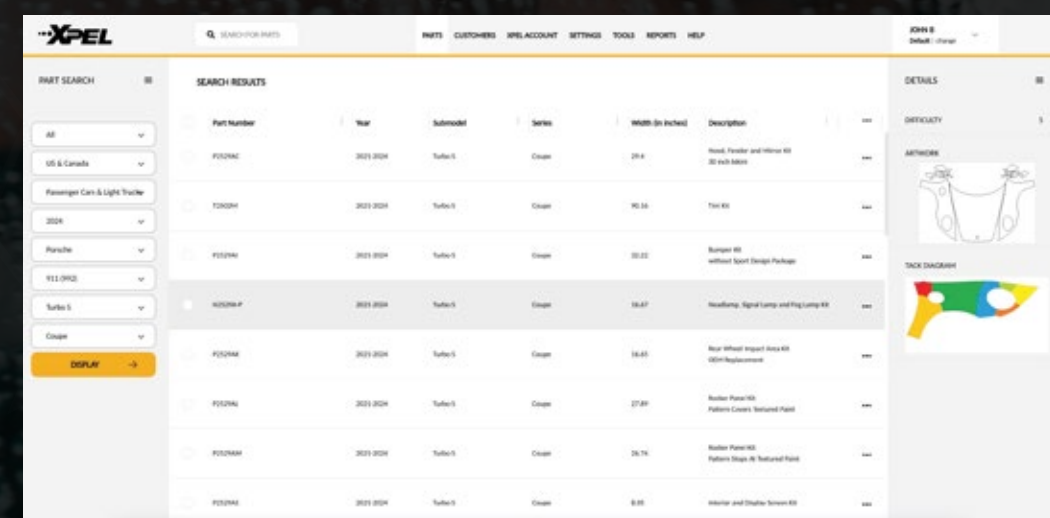

The basic fundamentals of film installation will be enabling them to develop into a proficient installer through continued practice and application of taught fundamentals:

- Installation Bay Set-Up and Safety
- Pattern Preparation
- Heat-Forming Method
- Differences in Film Colors and Shades (VHTs)
- Using a Cutting System and Software

3 SOFTWARE / PATTERN LIBRARY

Software is provided at **NO COST** while using our Window Tint Program. Students will also get an introduction to CORE Software, allowing them to plot Tint, Vinyl Lettering and establish technical experience in the event PPT becomes an interest as time progresses.

4 SUPPORT FUNDING

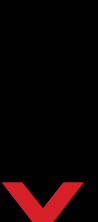

Support funding is available. Please contact our sales team at sales@vpscanada.com for more information.

5 TINT SHADES

VPS Canada can provide a wide range of tint shades

PRIME CS SHADE LEVELS				
5	20	35	50	70

GRAPHENE CERAMIC PROGRAM

IN-HOUSE PROGRAMS FOR
NEW CAR DEALERSHIPS

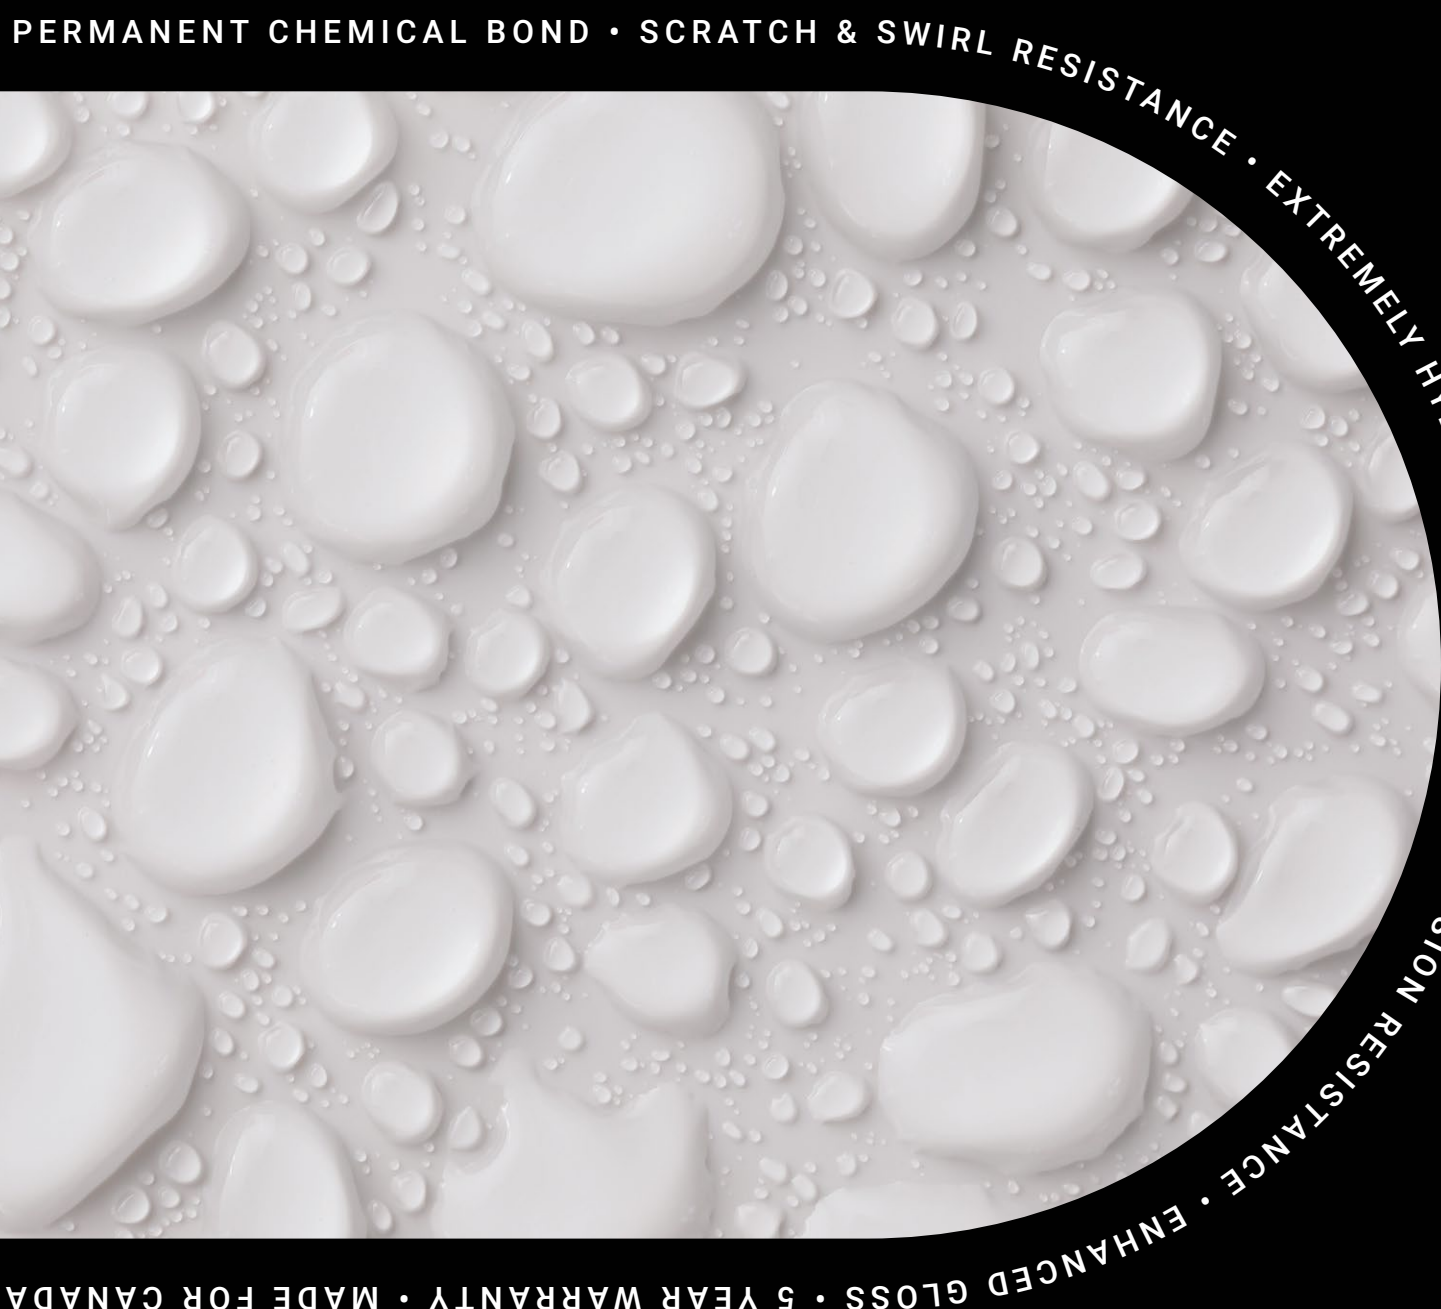

SCROLL TO LEARN MORE

WHAT IT'S ALL ABOUT

VPS Canada Graphene Ceramic Program provides New Car Dealerships with a simplistic and sustainable in-house program to offer a quality Coating to their clients. While others may offer ceramic coating sales, the VPS Difference is our Program-Based Structure vs only product sales. Along with our 32-hour course curriculum, we create value for the Dealer and Customer via professional training, ongoing support, supplementary products, and follow up. Our entire Dealer Program is based upon delivering the most cost-effective Ceramic Program with higher quality results by means of providing On-Site Paint Correction Training, Paint Preparation, and Ceramic Installation for a "Same Day" delivery to the Customer.

PERMANENT CHEMICAL BOND • SCRATCH & SWIRL RESISTANCE • EXTREMELY HYDROPHOBIC • UV & CORROSION RESISTANCE • ENHANCED GLOSS • 5 YEAR WARRANTY • MADE FOR CANADA

2 THE PRODUCT

Helix Graphene Ceramic will offer unmatched product quality and professional installation results and display easily visible, Gloss, Shine and Water Repellency. After the preparation and application, your customers can expect and enjoy a true 3-5-year coating (depending on after-care and maintenance) that provides a superior performing product with Nationwide Warranty and support.

SERVICE DRIVE

Many others do not speak of or offer the same value as Helix, our regimented Aftercare Booking process will invite customers back for a complimentary Service / After Care Wash - Inspection. This is managed via your detail dept to offer an No-Cost (Suggested Only) Dealer visit booked via the Service Drive to open non-evasive dialogue with service drive. After the booking, treatment of Helix Boost, the service Suggested RO's can be rolled out to follow your internal processes.

THREE KEY PARTS TO OUR PROGRAM

1 PAINT PROTECTION

The most important part of the entire process and is often overlooked. Without this vital process completed properly, your ceramic coating or topecoats performance and durability will be negatively affected - and you'll be locking in swirls and scratches for years!

VPS Canada's program offers the dexterity to fit almost all Detail Departments and skill sets. Whether the detailers currently have previous experience, minimal knowledge, or zero experience - we can successfully administer Paint Correction and Ceramic Installation Training within 1-3 days.

3 HELIX BOOST (AFTER CARE OPPORTUNITY)

ULTIMATE Graphene CERAMIC SEALANT

Helix Boost is a powerful SiO2 ceramic sealant that adds powerful hydrophobic properties, slickness, and shine to any vehicles paint, glass, wheels, and trim. Helix Boost can be used as a standalone sealant offering up to one year of protection, or as a boost/maintenance agent for Helix Ceramic Coatings. This easy-to-use product will help ensure longevity to even the least focused aftercare customer. It's a simple application, quick buff to a high shine with a second towel repeating this process around the vehicle.

WHAT'S NEXT

If you have interest to hear more, please contact us today to discuss the next steps that include:

- ROI Spreadsheet to address your questions of:
- Fixed/Variable Costs & Revenue
- Time to apply
- Training & Government Grants Available
- ROI - To build this, we interact with your Fixed Ops Dept to understand your stores/groups margins
